

ABOUT US

Founded in 1972, Elledue is a family-owned business that exclusively specializes in luxury contemporary furniture to the highest standard. What sets us apart is our dedication to excellence, offering only the highest quality furniture with innovative design, rich with fine details that can be tailored to satisfy any client.

Our products are manufactured entirely and exclusively in Italy, mainly in the Brianza district, where the company is based. A choice that allows us to experiment and go beyond the common production process, involving visionary local artisans such as ourselves in the creative process.

Elledue is a historical exhibitor of Salone del Mobile. Milano and over the years it has participated in some of the most prestigious furniture fairs all over the world.
